Meeting Agenda

Meeting Facilitator: Margaret Norton-Arnold

6:30 p.m. Welcome/Meeting Overview/Task Force Housekeeping
          --Margaret and Patty Charnas

6:35     Presentation: Preliminary Draft Environment Designations Map for Kitsap County
          -- Kathlene Barnhart

7:20     Break

7:30     Task Force Discussion on Preliminary Draft

8:30     Public Comment

8:40     Tee Up for March 3 and Adjourn
Kitsap County Shoreline Master Program Update
Shoreline Master Program Task Force
February 3, 2011
Preparation and Discussion Guide

At this meeting, you will get a first glance at the “Preliminary Draft Environment Designations Map” that has been assembled by DCD staff. This is a look at the whole of Kitsap’s shorelines.

A small version of the map will be forwarded prior to the meeting; at the meeting we will also have larger-sized maps, so you can clearly see what DCD is proposing.

Kathlene Barnhart will give a presentation on the proposed preliminary draft Environment Designations map, as well as highlight significant mapping issues for possible further discussion.

Our discussion at this meeting will be on the entire “big picture” of Kitsap’s shorelines – remember that we will be diving into the nitty gritty details of each of the designations in our upcoming meetings.

So, based on your “big picture” wisdom and knowledge about Kitsap County’s shorelines, please come prepared to answer these questions:

1) What are your initial reactions to preliminary draft map? Agree, disagree? On track, not on track?

2) If you agree that the work is on track, why is that the case? Any particular insights you want to share in that regard?

3) If you disagree with the work presented, where are your areas of disagreement? What do you want staff to reconsider and possibly change?

Again, this is just the first opportunity to get your opinions; we’ll be diving into much more detail as we move through the 2011 meetings. But this meeting is an important first step. Margaret will write up the opinions and perspectives you share this evening, and we’ll continue to refer to those perspectives as we tackle each of the designations one by one.

Public Comment
Ten minutes of public comment are built into all of our meeting agendas.

Tee up for March 3: We will review the “General Goals and Policies” section of the Shoreline Master Program, and will also discuss shoreline uses and modifications in the Natural and Aquatic designations.
