7:40 Break

7:50 Discussions and Brainstorming on Public Access
--Margaret and all members

8:30 Public Comment

8:40 Tee Up for October 7 and Adjourn
Kitsap County Shoreline Master Program Update
Shoreline Master Program Task Force
September 2, 2010/Preparation and Discussion Guide

This meeting will be focused primarily on the issue of public access to the shoreline – one of the key elements of the Shoreline Management Act.

**Pause and Reflect Discussion**
This has been designated as one of our several “pause and reflect” meetings. Margaret will present and review the comments she received from members in response to her August 23 memo. The group will discuss these responses.

**Presentation/Discussion on Public Access**
Please review the attached issue paper related to public access, and come prepared to discuss the questions outlined. Ultimately the Task Force will make a policy recommendation to Kitsap County related to public access on the shoreline. The development of that recommendation will be similar to that used for the creation of your goals statement, with Margaret creating drafts for your review and editing. At this meeting, we are brainstorming ideas that Margaret will compile into a first draft for your review.

**Public Comment**
Ten minutes of public comment are built into all of our meeting agendas.

**Tee up for October 7:** On October 7 we will continue with your discussion on public access, and begin to learn more about environmental designations.
