**DRAFT HIGH INTENSITY SHORELINE DESIGNATION AREAS**

**FOR DISCUSSION PURPOSES ONLY**

**SMP Draft Designation**

- **Lakes and Ponds**
  - Lakes/Ponds in SMP Jurisdiction
  - 20 CFS+ MAF STREAMS
    - Rivers with a mean annual flow (MAF) greater than or equal to 20 cubic feet per second (CFS)
  - Other Streams

- **Cities**
- **Military Lands**
- **Tribal Lands**
- **Urban Growth Areas**
- **Puget Sound / Hood Canal**

**High Intensity Designation**

**Purpose:** The purpose of the "high-intensity" environment is to provide for high-intensity water-oriented commercial, transportation, and industrial uses while protecting ecological functions and restoring ecological functions in areas that have been previously degraded.

**Criteria:** Assign a "high-intensity" environment designation to shoreline areas within incorporated municipalities, urban growth areas, and industrial or commercial "rural areas of more intense development" as described by RCW 36.76A.010 if they currently support high-intensity uses related to commerce, transportation or navigation; or are suitable and planned for high-intensity water-oriented uses.

Shoreline jurisdiction boundaries depicted on this map are approximate. They have not been formally delineated or surveyed and are intended for planning purposes only. Additional site-specific evaluation may be needed to confirm/verify information shown on this map.

**Use of This Map:**

Use of this map implies the user's agreement with the following statement:

Kitsap County disclaims any warranty of merchantability or warranty of fitness of this map for any particular purpose, either expressed or implied. No representation or warranty is made concerning the accuracy, currency, completeness or quality of data depicted on this map. Any user of this map assumes all responsibility for the use thereof, and further agrees to hold Kitsap County harmless from and against any damage, loss or liability arising from any use of this map.

**Map Date:** June 6, 2011

**Data Sources:**
- Ownership Parcels were digitized by Kitsap County GIS staff from 1:12,000 scale (1" = 1,000') original and updated from County Assessor's records.
- The hydrographic features presented on this map were drawn from digital data purchased from the Washington State Department of Natural Resources. The original scale is 1:24,000 (1" = 2,000').
- The water type codes identified for streams are documented in the Washington State Forest Practices Act.
- Transportation information from Kitsap County CENCOM. Other roads created by Pierce, Mason, King and Jefferson Counties.
